A tie? Mix the two styles. This is a playful planning prompt, not a personality assessment.

A · The Trailblazer

You want movement and views: train-accessible countryside walks and park trails. Start with our 10 walks from London guide.

B · The Picnic Soul

Slow, warm weekends suit you: a blanket in a park, a hilltop view and company on the grass. Keep an eye out for a sunny day.

C · The Culture Seeker

Beauty and learning recharge you: museums, exhibitions and talks. London has plenty to explore at your own pace.

D · The Foodie Explorer

You discover the city through taste: markets, new coffee shops and food outings in different neighbourhoods.

E · The Social Butterfly

People and laughter matter: board games, pub quizzes, dancing and lively gatherings. Look for an event where newcomers can join.

Hikes, picnics, museums, food or games: choose a format you would enjoy and check our current community announcements. You can come to a suitable outing on your own. Share your result in the community if you would like to find people with similar interests.

Events depend on the organiser's current programme. The separate paid Club membership is in preparation; this quiz does not enrol you in anything.
